

ments, which were agreed to, and the bill passed.

The bill to provide for the better organization of the State treasury passed.

House.—Mr. Deming, from the committee on Finance, to whom was referred House bill No. 172, reported the same back, and recommended that the House disagree to Senate amendments.

[This is the bill striking out the \$100 exemption clause of the tax bill. The Senate amended by exempting \$75.]

Mr. Deming moved to amend the Senate amendment by striking out \$75 and inserting \$50. Division demanded, and the House agreed to strike out \$75—yeas 54, nays 26.

The question then turning on inserting \$50, it was lost—yeas 34, nays 42.

Mr. Bushnell moved to insert \$25. Agreed to—yeas 40, nays 37.

Mr. Shellbarger moved to amend so that such exemption should operate only in favor of those who had no other property. Agreed to.

The amendment of the Senate as amended by the House, was then rejected—yeas 32, nays 44.

The School bill was taken up, but the House adjourned without definite action thereon.

3d.—SENATE.—Mr. Rice reported back the bill preliminary to the sale of all the public works of the State, with amendments, which were agreed to, and the bill was ordered to be engrossed, and read the third time to-morrow.

The bill in regard to exceptions to appeal bonds in cases taken by appeal from the Courts of Justices and of Common Pleas, to Courts above was read the third time and passed.

House.—The School bill was considered the entire forenoon. A motion to strike out the section permitting townships to establish high schools, was lost.

An amendment striking out the clause requiring districts to procure copies of Webster's Dictionary, was carried.

A motion to strike out the sections for the establishment of district libraries, and State Superintendents was lost, and the bill was ordered to a third reading.

The bill for the appointment of an additional Judge in Cuyahoga county passed.

4th.—SENATE.—Mr. Cushing, from the select committee of one, reported back the bill to provide against the further settlement of Ohio by blacks and mulattoes, with sundry amendments which were concurred in by the Senate.

Mr. Cushing spoke, says the Journal, at great length and with unusual force in favor of the bill, but we have not space this week to give his remarks as reported. Mr. Sherman replied, and on motion of Mr. Moore the bill was laid on the table.

House.—The Militia bill passed. Also the "crow-bar" bill—the Democrats voting for and the Whigs against it.

5th.—SENATE.—The bill amending the act for the punishment of crimes passed. Also bill concerning divorce and alimony. Also bill for holding special terms of the Supreme Court. House bill relative to Probate Courts passed.

The bill regulating descents and the distribution of personal estates, passed.

House.—Probate Court bill passed. (During the reading of this bill Mr. Medary, the Clerk of the House, knocked Mr. Barnum down.) A committee was appointed to inquire into the conduct of the Clerk. The School bill was read the third time.

The School bill passed the House, with several amendments.

The bill preliminary to the sale of all the public works of the State, passed.

The investigation committee on the Medary and Barnum case was in session all the afternoon, and have not yet reported.

The Inaugural Address crowded out a great deal of interesting matter intended for this paper.

H. G. FARRELL'S GENUINE ARABIAN LINIMENT is a most extraordinary medicine, the value of which is placed beyond doubt by the great sales of the same in many cases being daily performed by it, which previously had resisted all other medicines and the skill of the best physicians in the world. It is composed of balsam, extracts and galls peculiar to Arabia—possessing, in a concentrated form, all their stimulating, anodyne, penetrating, unctuous and revulsive properties, and the same which, ages ago, were used by the "Sons of the Desert," with such marvellous success, in curing the diseases of both man and beast.

Read the following remarkable cure, which should of itself place H. G. FARRELL'S ARABIAN LINIMENT far beyond any similar remedy.

Mr. H. G. Farrell—Dear Sir: Actuated by a sense of gratification, I submit the following as an instance of the utility of your great medicine. My child, three years old, was suddenly attacked with a terrible disease, which in less than six hours prostrated it to total helplessness. The limbs became so rigid that not a joint could be bent; the flesh turned black and cold and entirely deprived of feeling; the eyes, fixed, partially closed and altogether blind, following this was deafness to all sounds; the spine became contracted and so curved that when lying on the back the head and heels only touched. Indeed, the child presented every appearance of being dead. Immediately on the attack, the family physician was called in, and for three weeks he labored to restore it to feeling, but all in vain, although it was bled, and a dozen times and various hydropathic Liniments applied. A consultation of physicians was then held, but to no purpose, the case was then brought before the Medical Society, but nothing could be suggested which was not already known, and the doctor then told me he could do nothing more. We then con-

tinued applying your Liniment freely over the entire length of the spine, and you may imagine a parent's joy, when, after a few applications, returning animation was apparent, and it rapidly recovered with the exception of the right, which did not become perfect for near a month. The child is now healthy and robust as can be. Five other cases of the same kind occurred previously in my neighborhood, all of which did, when there is no doubt if your Liniment had been used they would have recovered. HENRY C. CLELAND.

Peoria, March 1st, 1851.

Look out for Counterfeits! The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the same dangerous of all the counterfeits, because it has the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell, thus H. G. FARRELL'S—and his signature on the wrapper, all others are counterfeits.

Sold by L. P. MAGUET, Agent, Gallipolis, Ohio, and by regularly authorized agents throughout the United States, in which one is not above established. Address H. G. Farrell as above, accompanied with good reference as to responsibility, &c.
